E1	ETLC E1 - 003
F1 (Last name starting with A - L)	ETLC E2 - 001
F1 (Last name starting with M - Z)	ETLC E2 - 002

The exam will cover all material presented in this course in Block 1, Block 2, and Block 3. The exam consists of Long Answer questions, Short Answer questions, Multiple-Choice questions, and True/False questions.

Exam Information and Protocol

- Please arrive at your exam room at least 10 minutes before the start of the exam.
- Please remain outside of the exam room until asked to come in, so that the exams can be set out.
- When you are let into the exam room, please sit where an exam has been placed. Put all of your belonging in your bag, except what you need to write the exam (OneCard, pencils, erasers, etc.). Zip up your bag and place it under your desk.
- All notes, electronic equipment, etc. needs to be put away **before** you enter the room, since the exams will already be distributed.
- Place your **OneCard** (or government-issued photo ID) on your desk. (Photo I.D. is required at the exam to verify your identity.)
- The exam is a **closed book** exam: no notes, no books, no formula sheets, no calculators, no mobile phones, no smart watches, and no electronic devices of any kind. All such items must be turned off and stored in your bag during the exam.
- Put your **First Name**, **Last Name**, and **Student ID** in the spaces provided on the cover page of the exam. Please write this information as neatly as possible, using capital letters for your name. Bubble in your **Student ID** in the appropriate section of the cover page starting at the top and going towards the bottom.
- Do not open the exam booklet or begin writing the exam until instructed to do so.

- You will have **90 minutes** to complete the exam.
- The exam is printed double-sided. There are questions on **both** the front **and** backs of pages.
- This exam will be graded electronically using Assign2. Put all solutions in the space provided on the exam paper and ensure that your writing is dark enough to be visible when scanned. Also, do not write too close the edges of the exam paper, as the scanning machines sometimes miss writing very close to the edges.
- Scrap paper will be provided. Do not bring your own scrap paper. Scrap paper will **not** be graded. Put all of the work you want graded in the exam booklet.
- Show your work for the Long Answer questions. Unsubstantiated work may not receive full credit. Use correct terminology (including theorem names, if applicable) and proper notation in your answers. **Show** and **label** any **row reduction** steps used.
- Tip: Try the questions you know how to do **first**.
- If you become ill during the exam, contact your instructor or a TA right away. Do not wait until after the exam is over to let us know what is happening. If you wait until after you have submitted the exam to report extenuating circumstances, then nothing can be done.
- If you need to use the washroom during the exam, please raise your hand to get the attention of your instructor or a TA. Your instructor or TA will ask you to sign out on a log sheet before you leave the room and sign in on the log sheet when you return.
- If you finish the exam before the last 10 minutes of the exam period, please raise your hand to have it collected, and then you may leave the exam room quietly.
- During the last 10 minutes of the exam period, no one will be permitted to leave the room. All students must remain seated during this time.
- At the end of the exam period, please remain in your seat and stay quiet until **all** exams have been collected (to ensure that no exam is missed) and the instructor in charge of the exam has said you can leave.
- Students will not be allowed to begin the examination after it has been in progress for 30 minutes. Students must remain in the exam room until at least 30 minutes has elapsed. In addition, students will not be permitted to leave the exam room until after attendance has been taken of all students in the room.

Good Luck!
